

6-8 ZONE FIRE ALARM CONTROL PANEL

Reliable Fire Detection
for Complete Safety

EARLY
DETECTION

EASY
OPERATION

RELIABLE
PERFORMANCE

IDEAL FOR
COMMERCIAL &
INDUSTRIAL USE

Model No. MS-208

Features

- ✓ Fully Confirm IS 2189.
- ✓ Zone Wise Fire, Fault LED Indication.
- ✓ Zone Isolation Facility.
- ✓ Auto dialer attachable facility.
- ✓ External six for reset, silence, Lamp test.
- ✓ Inbuilt Buzzer.
- ✓ 16x2 Line LCD Display.
- ✓ Inbuilt Battery Charger & Battery Space,
- ✓ Operates on 230 V AC, 50 Hz AC supply.
- ✓ Potential Free Contact Facility.
- ✓ It can support up to 20 devices in each zone.
- ✓ Mains, A.C.fault, fuse, charging, low battery, indication.
- ✓ Zone wise hooter option along with common hooter.

Applications

Commercial Buildings

Industrial Plants

Hospitals

Schools & Institutions

Technical Specification

Parameter	Details
Power IP	230V AC/ 24v dc optional
Power Consumption	45watt
End of Line	4k7
No. of Zones	6,8
Detection O/P Supply	24v dc
Hooter O/P Supply	24v dc
Operating Temperature	0-60°
Operating Humidity	95% (Non condensing)

Mechanical Specification

Parameter	Details
Cabinet Type	MS
Colour	OFF white/ hair Dark Grey
Paint	Powder Coating
Knock Out	18mm
Dimensions	350 X 230 X 110mm
Weight	4 kg without Battery
